vs  
Ingrid Griffith  
AND  
MIDDLESEX county

NO.  
2004 OCT 18 P 6:55  
U.S. DISTRICT COURT  
DISTRICT OF MASS.

Complaint

- ① Stephen Detar is a resident of Somerville Massachusetts and a citizen of the United States born in Burlington Vermont.
- ② Ingrid Griffith is a citizen of Barbados
- ③ Kethlyne a co defendant is a citizen of Jamaica
- ④ other codefendants who I will name in my affidavit are United States citizens.
- ⑤ This court has jurisdiction over this matter pursuant to 28 USC §1331

- ⑥ I Stephen Petar met Ingrid Griffith in 1994 we dated for several months she became pregnant. We were both happy and looked forward to becoming first time parents.
- ⑦ in December of 1994 Ingrid informed me (over the phone) that I was not going to be the child's father that I was only going to pay. And that my name would not be on the birth certificate.
- ⑧ I accompanied Ingrid to the Somerville well fare office. Where a woman Maria Duwate told me that I was the abandoning father and to fill out the forms giving all of my information.
- ⑨ I explained to Maria that I was being abandoned and that Ingrid had told me that this is what all non U.S. citizens did. to stay in the country

⑩ I made an affidavit to this affect and had Both Ingrid and Maria Sign it I was not given a copy

⑪ When my son was born my name was not put on the birth certificate I went threw three years of hagaling in the probate court and finally with the help of a women from DSS named Gloria Porter and Judge Dilday I was given the legal rights to my son and my name on his birth certificate. Aug 5, 1998

⑫ Ingrid and I where not ever a real couple. in fact I am in a nine year relationship with another women Marisa Venturi. we share a son who is now four years old. We all miss tyson very much.

⑬ The situation is this Ingrid was given free housing by the Cambridge housing Department. She also receives food stamps she receives fuel assistance she figured out that she could collect SSI disability checks for our son if she claimed he was disabled. She also works and is given all of the tax money she pays or is taken out of her paychecks as long as she retains custody of our son.

⑭ I am not into this fraud, and do not want my son raised to believe that he is sick mentally and told this to Ingrid in Sept. 2002 and that I intended to stop it.

⑮ We had been living together for six months. I had been convicted of spitting on an EMT in Suffolk county by a corrupt ADA DANA LUCCES who is now an

Assistant US State Attorney General.

She had the EMT change his story ~~at~~ at a second trial at the first trial I was found not guilty for hitting the EMT. "I refused to go in the Ambulance" is what he said at the second trial he denied stating that. The jury at the second trial was led to believe there was no first trial. The Judge refused to allow my lawyer to cross examine the EMT ~~at~~ with the first trials tape.

①6 So I was paroled to Ingrid's house. after the parole was over 9/11/02 I wanted out of Ingrid's house and intended to bring Tyson with me. I always maintained my own home Tyson was always with me I had full custody of him at one point but was black mailed into giving Ingrid joint custody.

(17) Ingrid called DSS gloria Porter who although got my name a the birth certificate she also I came to find out was a twister and a hider in the facts and how she portrayed me and ingred in her reports. in any event.

(18) the school was haveing an IEP meeting wich I always attended. not DSS I was not in the mood to deal with them and did not go. latter I found out that (in review of the IEP report) the teacher wanted my son hospitalized at cambridge city hospital for an evaluation she the teacher had been mentally abusing my son by not helping him when he asked for help and then antagonizing him the entire way all the while claiming that he was mentally ill.

(19) I was livid at this point and just days latter Ingrid told me she was going to bring tyson to CCH. That night I went to the hospital found my son sleeping on the floor with man on a couch

(20) I moved to discharge him the police were called. He wanted to inform me of my rights around the corner. I refused signed my son out and took him home. He had an MRI pre scheduled for two days later the hospital was told this the school knew it but they attempted to redline me to CCH

(21) The Dr Threatened me with DSS and a SIA report. Nov. 18, 2002 When the police would not arrest me.

(22) Tyson went to the MGH for the MRI He is fine there are no abnormalities. DSS came to Ingrid's house that same day. He tried to get us to not take him to MGH to meet with them instead the worker Luz Mendez told me I was neglecting my son and that was all there was too it. and that he was missing school he was just playing a sick game.

(23) The teacher McKenzie continued to play her end when tyson was brought back to school. they still wanted the Cambridge city hospital evaluation.

(24) Tyson's mother told him that I had moved out of the house because I did not love them and that he was all alone with her he put a knife to his neck, when I was told by Ingrid that they had a fight and his behavior was bad I said we will take him to child hospital on Longwood Ave

(25) He was there for 10 days they wanted him on tenex and risperidon if he could not be controlled by mom at home or the teacher at school. I said then he can not be at home or with that teacher I was allowed to take him to my home, on a pass. I'm the better parent.

(26) Tyson was discharged to our custody.

(27) Tyson went back to the same teacher sudated. DSS sent me a letter claiming that I had been found in neglect and that I should call there office for services.

(28) I called the office and was speaking with Dwight Gladfelter I told him I did not want my son so sudated it was at the point of him being poisoned, and that equally important I wanted his class room changed he said he would look into it.

(29) What he did in fact was tell Kettlyne Cline a case worker to tell the man and the school to keep medicating tyson and not to listen to me that my name was not on the birth certificate nor was I a sudated the father. and that man was to seek a restraining order. Kettlyne cline did all of this

(30) Ingrid refused to take tyson back to the hospital she would give him extra pills in front of me just to get

a reaction out of me laughing the entire time it was all a big joke.

③① finally I got the after care Dr # I called and made the appointment that same day Ingrid went to get a restraining order. I went too and told the judge what was going on he told me to take my son so as Ingrid and DSS ~~it~~ would not get false credit.

③② The Dr agreed with me Tyson was being way over medicated she Dr Rosenblume gave me a letter to fax to the school to stop the dosage of meds being given there. The school was upset and told (SIA) DSS Ty was not getting his meds at home.

③③ I went to the DSS office showed the Dr Rosenblume letter. DSS (Kettlyne Cline) wanted to keep the letter.

(37) my sons class was not changed but he has his witts about him and was able to out smart his teacher wich made her very angry she is handly caped and and angry non hetteral sexual. She once again on march 6, 2003 claimed problems on tyson mom was called tyson was taken to CCH by ambulance.

(38) I was called after the fact when I arived at CCH Pr Bruce Hessuk the first Pr in Novembr 02 told me (after two hours of waiting and many calls to cambridge Poliee I spoke with an officer King who told me that I had no rights) Pr Hessuk told me that he filed a SI<sup>A</sup> and that DSS had taken me to court and taken my parental rights. and that I should just leave.

(39) I told him that never happened that way and his suit was fraud and that still had custody.

(40) the next day (because it was by now 7pm) I went to the probate court they gave me a copy certified of the custody order and the statute explaining what the Dr Hessuk was doing was kidnapping

(41) Back to the hospital. Dr Hessuk says No I can do this can I keep this for my records I couldn't believe it then I called the police again officer King tells me Dr Hessuk called first and that they demanded to know where I was I'm back at the probate court the police show up take copies of my order and Hettlyne cines letter of slander and then tell me that they are not going to arrest him the police reports read back words

(42) Kellyne Cline wrote an affidavit for an Emergency C/P March 18, 2003 I wrote an affidavit for a restraining order for Ingrid to stay away from my son.

(43) DSS in conjunction with Lawyers police and the Cambridge District court clerks offices where able to deceive the judges in the district and probate court by lying under oath and in affidavits. So that it appeared as though I was CRAZY and violent when my lawyer filed a dismissal motion in the Juvenil court March 24, 2003 Dwight Gladfelter and Kellyne Cline tried to extort me with a service plan.

(44) Gladfelter was taping all of my conversations unbeknownst to me when he could not make me sign the service plan before my motion

was heard he told Detective Brady Cambridge that he had a tape of me making gun and Bomb threats. Brady ~~went~~ went to the District court and got a warrant for my arrest I went to the police station and sat in jail for four months listening to every ADA tell every judge how there was a tape

(45) In the Grand Jury minutes Gladfelter says NO tape Ingrid says I had NO ~~custody~~ custody Hasek says I cornered him Cine says I threatened her <sup>3/18/03</sup> <sub>3/24/03</sub>

(45) The Probate court judges stole the hospital discharge ~~report~~ report the cine letter The Juvenil court Clerk and Judge Tyre stole the Cine affidavit for custody. The Superior court Judge says I can't have any of DSS (Cine) affidavits to cross examine at trial

(46) march of 2004 I ~~rent~~ rented a condo on the beach in reverse from Suffolk county DA secretary Carrie Valenti ADA John Warner got my bail revoked on a complaint from Ingrid filed the day she was to appear at the probate court for contempt :

(47) three more months in jail and then oh sorry we made a mistake dismissed. after Ingrid was given a lawyer to go over to the probate court and claim I was crazy in Bridgewater and would not stop calling her.

(48) I have certified tapes from the probate court were the judges allowed her to change and change and change her story from each court date to court not to mention the district court clerk magistrate Moscow who tells me to get lost when I want to take out complaints.

④ The chief Justice Bernstein has ~~three~~ <sup>four</sup> motions in front of her. ① Tyson has a right to refuse medication if there is no disability. ② Produce the discharge report from CCH of Tyson Peter where no definite disability was found only experiments with medication and slander of father are indicated. ③ Tyson has the right to see Dad and Brother. But Bernstein will not rule.

① I sue and Tyson to a 21109 court date mon refused to bring him in.  
 ⑤ I'm not convicted of anything and to violate my rights by waiting until after some trial that will not happen is sick I'm innocent until proven guilty

⑤ I want the US court to listen to the tapes of contempt (kidnapping) then force the courts to turn over the documents. make this Moscow stop racketeering. And most importantly have my son brought to this court and given back to his Dad. Money would be nice.
